

Mid-State Special Education

VB-MAPP Training

A Great Way to Assess our Non-verbal Students

Who: Lyn Becker

What: The VB-MAPP is an assessment, curriculum guide and progress monitoring tool all in one. This training is designed for special education teachers who need a better method of measuring what their lower functioning elementary students know and what they need to learn. If you are new to the VB-MAPP or you simply want a refresher, this training is for you.

Where: Beckemeyer Elementary School

When: January 4, 2022 from 8:30 - 11:30

Why: Earn 3 professional development hours while learning about this comprehensive assessment & curriculum guide

How: Visit <http://www.midstatespec.org/professional-development/> to register for this free training. Participants will be provided with the VB-MAPP Guide book and protocol. Teachers who already have a VB-MAPP Guide should bring it to the training.
